

INSTRUCTIONS: “Leftovers” Labels

YOU WILL NEED:

- Template provided
- Paper
- Scissors or x-acto knife
- Glue or tape
- Pen, pencil or marker
- Ruler
- Leftover containers. We bought these at the dollar store.

STEP 1

Print and trim your “leftovers” labels template. When cutting, follow the trim marks in a straight line across the page. If it helps, you can use a ruler and a pencil to lightly connect the lines across the page.

STEP 2

Once your labels have been trimmed, simply write in the contents, add the date and tape or glue the labels to your containers to complete this easy project! You guests will love taking home the Thanksgiving leftovers!
