

INSTRUCTIONS: Tooth Pouches

SUPPLIES

- White construction paper or cardstock
- White glue
- Scissors

INSTRUCTIONS

1. Print the instructions & tooth pouch pieces.
2. Cut out the desired tooth and pouch, cutting along the dashed lines.
3. After cutting the notches on the tooth pouch, fold the flaps inward along the solid line.
4. Apply glue to the folded flaps and then press and glue the pouch to the center of the tooth.
5. Once the pouch has dried it's ready to help send a tooth to the Tooth Fairy!
